

Our Partner Agencies say...

“Science Central is grateful for the Volunteer Center @ RSVP! They’re an invaluable resource in our community and numerous nonprofits actively depend on them. The Volunteer Center @ RSVP allows Science Central to succeed in meeting our mission by providing volunteers for special projects. They have assisted with a variety of projects from sorting children’s books for camp to bulk mailings to sewing sleeves for our Giant Slide. Thank you Volunteer Center @ RSVP!”

Chris Harris
Visitor Services &
Volunteer Manager
Science Central

“The Volunteer Center @ RSVP has been a great resource for the Super Shot program to turn to when we need some extra help during busy times or special projects. They have provided assistance with mailings, packaging materials for clinic sites, and providing volunteers at our clinic sites during busy Back to School and Flu season. This year they also assisted us with data entry by entering FluMist data from our school program into the statewide immunization registry. What is amazing is that they have yet to turn us down on any request. They have always had an abundance of experienced volunteers from varied backgrounds ready and willing to come to our aid. Thank you Volunteer Center!”

Kelly Zachrich Super
Shot, Inc.

“The Volunteer Center does more than assemble our mailings competently and quickly. They save us time; time spent building a large volunteer base, time spent keeping those records up to date, and time spent worrying whether we’ll be able to fill a room or not. And it actually feels like we have our own set of dedicated volunteers—many of the same folks show up to every mailing. It’s nice not having to worry every month whether we’ll get our mailings out on time, all thanks to the Volunteer Center!”

David Hunter
Membership Manager
Northeast Indiana Public Radio, Inc.

“Germanfest is one of Fort Wayne's premier festivals. It organized and staffed solely with volunteers. Germanfest and the Volunteer Center have worked together for many years to make Germanfest successful. Volunteer Center volunteers have contributed hundreds of hours toward Germanfest. Germanfest management is grateful for the support of our friends from Volunteer Center and hope to continue to work together for many years to come.”

Jutta Hornbeck
VP German Heritage Society

“Volunteers from the Volunteer Center @ RSVP have helped Fort Wayne Community Schools nurses during a time when we were quite overwhelmed with the daunting task of updating the immunization records of 12,000+ students, almost half of our student body. The RSVP staff worked diligently for several months to search through the state immunization database to help us identify which students were still in need of new immunizations required for school. Their weeks of persistent dedication were valued and appreciated by our nursing staff.”

Mary Hess, RN, BSN, NCSN
Health Service Specialist
Fort Wayne Community Schools

“The Volunteer Center @ RSVP not only refers and recruits volunteers, they are also a part of the backbone for the volunteer community in Allen County, Indiana. The Volunteer Center is a great leader in promoting volunteerism in the community, a great sounding board, and a participant at any volunteer recognition or event. I am very Thankful for the Volunteer Center @ RSVP!

Sandy Screeeton
Volunteer Director
Allen County Public Library

“During times of community emergency/disaster, such as the 2009 H1N1 Pandemic, we knew we could rely on the fantastic volunteers from the Volunteer Center to supplement our workforce and assist us with meeting the needs of the community on an ongoing basis. They were quick to respond, provided qualified and professional volunteers with the positive attitudes we needed, and they were reliable people who arrived on time and stayed until the job was completed! We have relied on the Volunteer Center for many years – and it’s a relationship that is trusted, valued, and appreciated!”

Mindy Waldron, REHS, CFSP
Department Administrator
Fort Wayne-Allen County Department of Health

“The Volunteer Center provided a team of skilled volunteers that helped Matthew 25 complete a data project involving the electronic transfer of approximately 15,000 medical records. This was a long project that required highly skilled and technical volunteers and months of volunteer support to complete. Thank you Volunteer Center!”

Jeanne Meyers
